

## Revenue Court Case Monitoring System (RCCMS)

1. The URL to access of RCCMS is <http://bhulekh.ori.nic.in/rccms>
2. In RCCMS, Court-wise Cases can be entered and relevant Case Documents can be uploaded.
3. Each higher court has the provision to enter their own cases and also can see the case details and the relevant case documents uploaded by the lower court against the cases came either for appeal or revision.
4. On receiving an Appeal case or a Revision case, Higher courts can view the case details and the relevant case documents directly from the LRMS in case of online LRMS tahasils. Thus LRMS tahasils need not enter the LRMS case details separately. But they need to enter the cases which are not being handled in LRMS. Currently pending the integration of LRMS and RCCMS, higher courts need to intimate regarding the received cases to the lower court for Case details entry and upload of Case documents. Then the higher courts can view the case details and the case documents.
5. Viewing of Case status will be OTP based and OTP will be sent to the mobile no registered against the case. First the mobile no is validated and then on entering the OTP, the status of the case is shown.

## Home Page of RCCMS

After typing the above mentioned URL in the browser, the following home page of RCCMS will come. For citizens, provision to view the Cause list and the Case status is provided in the home page.

**REVENUE COURT CASE MONITORING SYSTEM (RCCMS)**
